

Summer Term 2015

# Kirkby Fleetham CE Primary School Newsletter Friday 12<sup>th</sup> June 2015

As a school we are focussing on maths this half term. All children have been busy improving their measuring skills this week, the Juniors have made scale models of themselves and the Infants have been measuring amounts in l and ml. Children need as many practical activities as possible to improve these skills so please do involve them at home in anything you are doing that involves weighing and measuring.

## Congratulations!

### Star of the Week Awards

Congratulations to the following children who received Star of the week awards in our last celebration worship: Owen for hard work and perseverance in his writing and Grace for her kindness shown around school.

## General News

### Foundation Stage

We are very excited to be setting up a separate foundation stage class so that three year olds can join us in the mornings from September. The booking forms are now being circulated. If you would like a form, or know anyone else who is looking for a pre-school place, please contact Mrs Ient in the office or download a form from our website.

### Langton concert

As you will be aware the choir have been busy rehearsing for the Langton concert on Wednesday, and we also have some musicians who will be playing some solo pieces. Because the church at is so small, Reverend Clive has asked us to issue tickets to parents to ensure that there are enough places for everyone. We have 50 tickets so there are enough for two per family with a few spare. The children who are performing have already had the opportunity to book tickets but if any other parents would like to come please complete the attached form and we will send tickets home with your child.

### Sports day

We will be hosting some more traditional sports day events this year, commencing at 2.00pm please do come along to watch and encourage all our children, you might want to bring rugs or folding chairs to (hopefully) enjoy the races in the sunshine.

### Homework

Please can we remind parents that children are expected to read at home three times a week, they have spellings to learn for their spelling test and also have times tables and space mission targets to work on. The juniors bring home a reading activity each week based on their guided reading book, and normally have topic based homework too. If your child tells you they have no homework please help them to work on their space mission maths targets as we are hoping that all children will move up to the next level by the end of term.

### Cool Milk

You will find in your child's book bag tonight a leaflet about Cool Milk. Milk is free for the under 5's and available for older children at a subsidised price. Should you wish your child to start having milk please register your child by following the instructions provided in the leaflet.

## Governor News

A message from Collette:

The next meeting of the full GB is on Monday. Just before that the Federation Governing Body will get together for the first time. We will start to look at how we will work in September. It's not too late to put yourself forwards to be co-opted if you are interested! In the meantime Kirkby Fleetham's governors will be making sure everything is ship shape for the end of term and ready for the changes ahead.

## Next week in school

Next week's menu will be following the North Yorkshire County Caterers week 3 menu.
